

The Life of Primates

figs.wisc.edu/2019fall42

FIG 42 • Fall 2019

main class instructor: **Richard McFarland**

9 credits

MAIN CLASS

Anthropology 120
The Life of Primates

LINKED CLASS

Zoology 101
Animal Biology

LINKED CLASS

Psychology 202
Introduction to Psychology

Anthropology 120: “The Life of Primates,” will provide an introduction to the lives of our primate relatives. We will explore the diversity and distribution of the nonhuman primates, examining various aspects of their behavior, ecology, and physiology.

Primates are intensely social species. We will study an array of behavioral adaptations that allow primates to live in groups, form and maintain social relationships, communicate with one another, and maximize their survival and reproductive success.

Zoology 101: “Animal Biology”

– This class will provide an introduction to general biological principles. Topics include: evolution, ecology, animal behavior, cell structure and function, genetics and molecular genetics, and the physiology of a variety of organ systems emphasizing function in humans.

Psychology 202: “Introduction to Psychology” – This class covers human behavior, including its development, motivation, frustrations, emotion, intelligence, learning, forgetting, personality, language, thinking, and social behavior. ●

Enrolled in a FIG and you change your mind?

FIG classes are designed to be taken together. When you enroll in a FIG, you are signed up for these classes as a whole group, not as separate classes.

Dropping one FIG class means ending your enrollment in all of the classes in the FIG.

So, here's what you should know if you want to drop the FIG:

- You can drop all the classes on your own at enroll.wisc.edu. Any non-FIG class will not be affected.
- After classes begin, if you need to drop a single class within the FIG, please contact Kari Fernholz (see below) to review your situation. If necessary, she will provide the required authorization to drop the class.
- Wednesday, September 11, 2019** is the last day to drop a class without it appearing on your college transcript.
- Friday, September 13, 2019** is the last day to add a class without first getting department permission.

MAIN CLASS

Anthropology 120

The Life of Primates

SEM 2: TR 11:00–12:15

- Elementary
- Honors Optional

credits: 3

class number: **63550**

LINKED CLASS

Zoology 101

Animal Biology

LEC 2: MWF 12:05–12:55

- Biological Science
- Elementary
- Honors Optional

credits: 3

class number: **46103**

LINKED CLASS

Psychology 202

Introduction to Psychology

LEC 1: TR 9:30–10:45

- Social Science
- Elementary

credits: 3

class number: **45564**
